

CLASSIC BUILDERS

TRADING & CONTRACTING

Constructing your vision into reality

ABOUT US

Classic Builder Trading and Contracting is a trusted name in the industry, delivering high-quality services in construction, material supply, and project management. Established in 2021, we have rapidly grown into a reliable partner in the field. Classic Builder is a sister concern of HNM Trading Contracting W.L.L, further strengthening our foundation and expertise. With a strong focus on innovation and excellence, we aim to set new industry standards through our unwavering commitment to quality and customer satisfaction.

WHO WE ARE

We are a professional and results-driven company with extensive expertise in trading and contracting. Our dedicated team brings years of experience, reliability, and technical proficiency to every project, making us a preferred partner in the industry. We take pride in our ability to deliver high-end solutions tailored to meet the diverse needs of our clients, ensuring efficiency, durability, and excellence in every aspect of our work.

VISION & MISSION

To become an industry leader by continuously evolving and adapting to modern construction and trading demands while maintaining the highest standards of service, professionalism, and reliability. We envision a future where our company plays a key role in transforming the construction and trading sectors through sustainable practices, innovation, and unparalleled service delivery. By embracing cutting-edge technologies, fostering strong partnerships, and prioritizing customer satisfaction, we aim to set new benchmarks for excellence and contribute to the long-term growth and development of the industry.

To provide exceptional trading and contracting services with a focus on quality, integrity, and customer satisfaction. We strive to build long-term relationships based on trust and excellence. Our mission is to continually enhance our service offerings, leveraging the latest technologies and industry best practices to deliver superior results.

CONTRACTING & SERVICE

Classic Builders specializes in civil works and MEP works, offering end-to-end solutions for construction projects of all scales. From masonry and concrete works to electrical and plumbing installations, we ensure precision, durability, and timely delivery. In addition to our construction expertise, we provide reliable trading services, supplying high-quality construction materials and equipment. Our trading division ensures clients have access to the best resources, backed by our commitment to excellence and customer satisfaction.

To become an industry leader in contracting by continuously evolving and adapting to modern construction demands while maintaining the highest standards of quality, safety, and service excellence. We envision a future where our company plays a key role in transforming the contracting sector through sustainable building practices, innovative solutions, and unparalleled project execution. By leveraging advanced technologies, fostering strong partnerships, and prioritizing efficiency, we strive to deliver projects that exceed expectations, create lasting value, and contribute to the growth and development of the industry.

CIVIL WORKS

Classic Builders excels in diverse construction projects, delivering precision and quality under all conditions. We specialize in steel works, concrete works, and steel reinforcement works, ensuring robust and innovative solutions for every project.

- **Steel Works:** Leveraging the strength of steel and iron, we create durable and innovative structures, making us a trusted name in Qatar.
- **Concrete Works:** We specialize in concrete repair, restoration, and rehabilitation, including crack repairs, wall restoration, surface recoating, and waterproofing, ensuring long-lasting results.
- **Steel Reinforcement Works:** Our services include cutting, bending, fabrication, machining, galvanizing, molding, fencing, and welding, delivered by skilled professionals for timely and high-quality outcomes.

MEP WORKS

At Classic Builders, we provide comprehensive MEP (Mechanical, Electrical, and Plumbing) solutions to ensure seamless functionality and efficiency in every project.

- **Electrical Works:**

Our expert team handles electrical installations, wiring, lighting systems, and maintenance with precision and adherence to safety standards. We deliver reliable and energy-efficient electrical solutions tailored to your needs.

- **Plumbing Works:**

We specialize in plumbing installations, pipefitting, drainage systems, and maintenance. Our work ensures optimal water flow, durability, and compliance with industry standards.

From design to execution, we ensure that every MEP system is integrated seamlessly into your project, enhancing its functionality and sustainability.
